

## Examples of Off-side/On-side

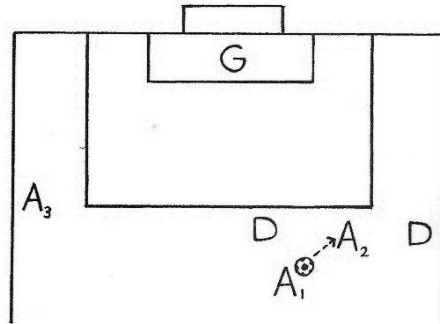

**A2 is offside because he only has one player (the keeper) between him and the goal**

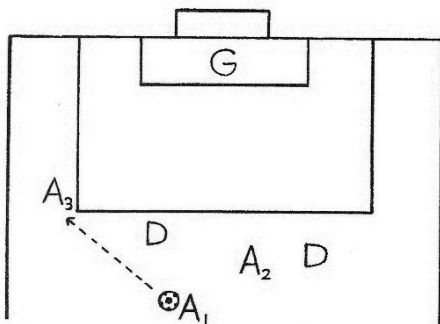

**A2 is not offside because two players are closer to the goal**

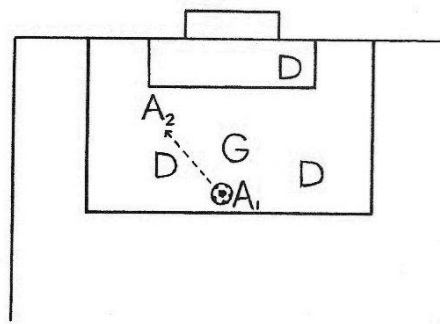

**A2 is not offside because he is in control of the ball**

**A3 is not offside because she's not involved in the play**

**If A1 passes the ball, A3 is offside because there is only one player between him and the goal**

**A2 is offside because there is only one player between her and the goal**
